**Home.** It's where you're most comfortable. It's where your memories are. It's where your heart is. Stay in your own home and still receive first-class medical support with **Prestige Home Healthcare.**

## WHO ARE OUR CLIENTS?

Our clients are individuals.

Each client has their own story.

Each client deserves respect, trust, openness and appreciation.

Our clients are people who:

- enjoy living in their own home despite any health concerns (either permanent or temporary).
- appreciate discrete, yet diligent workers.
- like their own routine.

They may have broken a bone and need temporary support. They may be slowing down and need a little help to stay at home.

They may simply need a dressing changed or high-level care 24 hours per day.

Or they might be organising a service for a loved one who deserves exceptional medical care; individual attention and the opportunity to continue to live surrounded by the things they love.

## WHAT ARE THE BENEFITS OF PRESTIGE HOME HEALTHCARE?

Your concerns are unique. So we will give you the direct number for your own personal 'Client Services Manager'. We are available 24 hours a day, 7 days a week.

Your peace of mind is crucial. All our staff are highly experienced professionals. They undergo police checks, reference checks and work experience checks.

You and your needs are our focus. Together we'll tailor a support program that suits you.

You can choose the professionals you need from nurses, personal care attendants, doctors, physiotherapists, podiatrists and other allied health professionals.

You'll see familiar faces and be able to build relationships because your staff won't change – unless you want them to.

You can employ us round-the-clock, or for as little as one hour a week.

Your staff are always supervised by a Registered Nurse or Doctor. They have regular staff reviews and attend frequent training to update their skills. If you have any issues, your personal 'Client Services Manager' will be able to assist you.

To arrange your in-home support or for more information, call Prestige Home Healthcare on **9598 0122**
